

# #NOTINVISIBLE

PUTTING A FACE ON BRAIN INJURY

## Brain Injury Awareness Campaign Event - San Diego, CA

Join Amy Zellmer for an evening of inspiration and awareness.

Amy has launched a two-year, international awareness campaign through the use of photography to visually show that while brain injury may be an invisible injury – the survivors are not! She is raising awareness of this invisible injury that affects over 3.5 million American’s each year in an effort to help people find resources sooner.

During this event you will hear Amy’s story, and learn how to share your own story by being a part of the campaign. It is open to survivors of ALL forms of brain injury, families, friends, and practitioners.

All survivors are invited to take part by being professionally photographed and also by participating in a research survey that Amy has created in partnership with CTE Hope with the objective: *To identify trends in types, diagnosis, and resources of brain injury.*
